plista is a pioneer when it comes to innovative solutions for native advertising and content distribution in premium environments. With its data-driven platform, the Berlin based company has been successfully bringing advertisers and media together since 2008. With its proprietary real-time Recommendation Technology, plista is able to deliver both content and advertising that matches users' individual interests - across all channels and devices. Publishers benefit from longer user visit duration, increased traffic and the additional monetization of their digital products. By using plista's native ad formats, advertisers are able to address users seamlessly and efficiently along the entire sales funnel. plista employs over 180 people and offers its solutions in 17 international markets.
