

XAXIS **BRAND** GUIDELINE

AUGUST 2016

01

INTRODUCTION

Welcome to the Xaxis Brand Identity Guidelines. At Xaxis, we are proud of our brand identity and the numerous elements that comprise the Xaxis brand. From our letterhead to our website, Xaxis represents powerful innovation, rich insights and a vision that keeps us at the cutting edge of the industry. By embracing the Xaxis logo and collateral, you are taking part in our mission to define the digital realm and bring only the greatest success to our clients, partners and teams.

The Xaxis logo and visual identity system help bring this promise to life. These guidelines will ensure that we successfully implement the Xaxis identity system consistently across all of our communications. This is especially important to establish presence and prominence with our key audiences.

We hope this identity system inspires you to create brilliant materials for the Xaxis brand.

02

BRAND STORY

Xaxis is a global digital media platform on a mission: to connect advertisers and publishers with audiences, and to make the web more personalized. That means putting the right messages in front of the right audiences at the right time.

Xaxis cuts through the complex ad technology landscape by bringing advertisers and publishers closer together with unmatched and unrivaled solutions. Both parties benefit from a higher Return On Investment by utilizing Xaxis trusted advisors who hold client and partner goals as their core focus.

What comes hand-in-hand with leading the industry – educating clients, shaping industry solutions and standing up for client goals – are values that lay the Xaxis foundation.

Our success is our clients' success; we demonstrate this through real, attributable results.

07

IMAGE STYLE

Choosing the right image to communicate the brand values and message is very important. The images should have at least three of these qualities:

- interesting angles
- contrast
- style
- movement
- depth
- audience faces

Images used in Powerpoint as a background should have an overlay layer with 40% transparency

✓ AUTHENTIC PHOTOGRAPHY

People photography should always aim for a natural and authentic feeling.

✓ AUDIENCE FACES

Use close up images to emphasize Xaxis' connection with the audience.

✓ TECHNOLOGY

Imagery that feature technology and futuristic advancement.

✗ POSED PHOTOGRAPHY

Don't use posed and expected photography.

✗ DATED TECHNOLOGY

Don't use photography with dated devices.

✗ BUSINESS CLICHÉS

Don't use images with artificial environments and business clichés.

07

ILLUSTRATION & ICON STYLE

Illustration and iconography that best fit Xaxis' brand should have clean and minimalistic aesthetic. They should clearly represent the object/concept through visual metaphor. Avoid 3D effects and heavy drop shadow.

ICON STYLE

Clean, simple and flat icons without use of heavy drop shadow.

ILLUSTRATION STYLE

Illustration and infographics should follow the icon style for consistency purpose.
